Context

We draw on 150 years' worth of Cranleigh UK experience and have infused it with Middle Eastern culture to create something truly unique to the region.

At Cranleigh Abu Dhabi, our cultural diversity encourages a deep appreciation of the rapid pace of change that characterizes our world and the importance of teaching children the necessary skills which will enable them to engage actively in the 21st century.

Our vision is ambitious and proudly so. What we are offering is an inclusive and well-rounded programme that will lay robust foundations on which children can build the rest of their lives.

Backed by a talented team of staff and a custom-built school, pupils thrive within our innovative learning and teaching environment. We encourage the development of each individual's self-esteem, their confidence in themselves and their own abilities, and the independence that will enable them to unfold their imaginations and learn from successes and mistakes alike.
